

JOURNAL WATCH

PSYCHIATRY

Published by the Massachusetts Medical Society, publishers of *The New England Journal of Medicine*

Volume 7 Index

2001 Annual Index

January 2001 –
December 2001

✱ denotes Web-only titles;
see <http://www.jwatch.org>

A

Acute Stress Disorder

- Attending to PTSD 89
- Responding to Trauma:
Take Care to Do No Harm 92

Adolescents

- Brain Changes in Adolescents
with Early-Onset Schizophrenia 87
- Cortisol Levels in Girls
with Conduct Disorder 41
- Long-Term Follow-Up of an Early Childhood
Intervention Program 45
- MRI Findings in Girls with ADHD 41
- Neither a Bully nor a Bully's Victim Be! 45
- Smoking Increases Risk
for Anxiety Disorders 4

Affect

- Neural Basis of Emotion in Schizophrenia 73

Aging

- Estrogen in Postmenopausal Women:
Effects on Working Memory 23

Alcohol

- Alcohol, Brains, and Gender 22
- Does Prior Insomnia Predict Relapse Risk
in Alcoholism? 29
- Men, Murder, and Alcohol 69
- Naltrexone, Once Discontinued,
Loses Its Effect on Drinking 21
- Ondansetron Combined with Naltrexone
Reduces Alcoholic Impulsive Drinking 30
- Studies in Developmental Pathology 70
- What Do Red Wine and Grapefruit Juice
Have in Common? 81

Alzheimer's Disease

- Defining the Onset of Alzheimer's Disease 33
- Familial Aggregation in AD and Down's
Syndrome 87
- Feature: Dementia: New Data and Practice
Guidelines 60
- Whodunit: Plaques or Tangles? 88

Ampakines

- Add-On Medication for Bipolar and
Schizophrenic Patients 100

Amphetamines

- Long-Term Impairment of Dopamine
Transporters by Methamphetamines 70
- Speed and the Law of Diminishing Returns 70
- Stimulating Improvement for Adult ADHD 77
- Studies in Developmental Pathology 70

Anger

- Cognitive Therapy for Anger Problems 9

Anticonvulsants

- Lamotrigine and Gabapentin Monotherapy
for Refractory Mood Disorders 76

Antidepressants

- A Genetic Marker
for Antidepressant-Induced Hypomania? 62
- Adding Fluvoxamine to the Armamentarium
for Childhood OCD 31
- Alleviating the Adverse Effects of VNS 89
- Antidepressants and Arrhythmias:
Potential Drug Interactions 38
- Antiplatelet Action of SSRIs 12
- ...But Bupropion Aggravates Marijuana
Withdrawal 57
- Combination Treatment of Social Phobia in
Primary-Care Practices ✱
- Cortisol Response to Norepinephrine
Reuptake Blockade
in Subclinical Depression 12
- Do Antidepressants Help in the Treatment of
Bipolar Depression? 61
- Do Suicides Result from Failure to Prescribe
Antidepressants? 46
- Does Continuation Pharmacotherapy
After ECT Improve Relapse Rates? 40
- Does Pindolol Work? Using Functional Brain
Imaging to Predict Receptor Occupancy 39
- Does Sildenafil Help Antidepressant-Induced
Erectile Dysfunction? Does It Also
Raise Mood? 93
- Functional Neuroanatomy of Remission
from Depression ✱
- Racial and Interindividual Variability
in Activity of a CYP450 Enzyme ✱
- Remission of Depression Greater
on Venlafaxine Than SSRIs 32
- SSRIs and Sexual Dysfunction:
An Accurate Picture 38
- The Norepinephrine Hypothesis
Finally Clarified 31
- Will Venlafaxine Prove Useful
for Chronic Pain? 56

Antiepileptics

- Endocrine Effects of Antiepileptic Drugs
in Men 23
- Herbal Treatments Can Act
Like Medications 28
- Studies in Developmental Pathology 70

Antipsychotics

- Add-On Medication for Bipolar and
Schizophrenic Patients 100
- Can Neuroleptic Hypersensitivity Presage
Frontotemporal Dementia? 81
- Does Placebo Use in Clinical Drug Trials
Harm Patients with Schizophrenia? 86
- Haloperidol Response in Psychosis Linked
to the D₂ Receptor Gene 55
- Reduced Prefrontal Muscarinic Receptor
Binding in Schizophrenia 65

- Treatments for Smoking
in Schizophrenic Patients 4

Anxiety Disorders

- Adequate Care for Mental Disorders Is
Still the Exception 24
- Carbon Dioxide Sensitivity in Children
with Anxiety Disorders 12
- Early Response to Psychotherapy Predicts
4-Month Outcome 72
- Genetic Basis for Panic Disorder 79
- Good News for the Treatment of Childhood
Anxiety Disorders 41
- How Can I Be Sure? 94
- Is the Increased Rate of Depression
in Women Related to Prior Anxiety? 48
- Persistence of Postpartum
Psychiatric Disorders 95
- Psychiatric Morbidity
After Motor Vehicle Accidents 69
- Smoking Increases Risk
for Anxiety Disorders 4

Attention Deficit Hyperactivity Disorder

- Genetic Linkage for ADHD 2
- Guanfacine Effective for Comorbid TIC
Disorder and ADHD 64
- Is Guanfacine as Good as Amphetamine for
Adult ADHD? 48
- Methylphenidate's Effect on Dopamine
in the Brain 30
- MRI Findings in Girls with ADHD 41
- Risk for Mental Illness in Relatives
of Children with Schizophrenia 65
- Stimulating Improvement for Adult ADHD 77

Autism

- A New Angle on Treatment for Autism? 56
- Are Twins More Vulnerable to Autism? 87
- Linking Cerebellar and Behavioral
Abnormalities in Autism 52
- Unraveling the Genetics of Autism 71

B

Benzodiazepines

- How Reliable Are Patient Reports
of Medication Use? 94

Bipolar Disorder

- A Genetic Marker for Antidepressant-
Induced Hypomania? 62
- A Pilot Study of CBT for Bipolar Disorder 9
- Add-On Medication for Bipolar and
Schizophrenic Patients 100
- Bipolar Disorder and Schizophrenia:
Defining the Differences 33
- Do Antidepressants Help in the Treatment
of Bipolar Depression? 61
- Lamotrigine and Gabapentin Monotherapy
for Refractory Mood Disorders 76
- Other Health Consequences of Depression 96

- The Pathophysiology of Psychosis May Be Nonspecific 11
- What Happens When Children with Prepubertal Depression Grow Up? 13
- White-Matter Lesions Associated with Poor Outcome in Bipolar Patients 32
- Blood**
- Antiplatelet Action of SSRIs 12
- Borderline Personality Disorder**
- Borderline Personality Disorder: Clinical Features and Predictive Factors 1
- Partial Hospitalization for Borderline Personality Patients: A Follow-Up Study 10
- Brain**
- A First Step in Treating Stereotypy? 79
- A Neurobiochemical Marker in Teens at Risk for Schizophrenia 65
- A Neurotrophic Factor Helps to Make Memories 13
- Alcohol, Brains, and Gender 22
- Are Glial Cells in Control? 88
- Bipolar Disorder and Schizophrenia: Defining the Differences 33
- Brain Abnormalities Linked with Deficit Syndrome of Schizophrenia 25
- Brain Changes in Adolescents with Early-Onset Schizophrenia 87
- Can a Good Mother Help Response to Stress? 21
- Dementia Praecox Resurfaces 33
- Do Prenatal Glucocorticoids Cause Neurodegeneration? 12
- Does Pindolol Work? Using Functional Brain Imaging to Predict Receptor Occupancy 39
- Dyslexia: A Disease Without a Country 44
- Gulf War Syndrome: It Really Is Neuronal! 3
- In Schizophrenia, Is the Cerebellum Also Affected? 64
- Linking Cerebellar and Behavioral Abnormalities in Autism 52
- Neural Basis of Emotion in Schizophrenia 73
- Neurogenesis and Memory 53
- New Type of Globin Discovered in the Human Brain 2
- Role of Emotion in Moral Judgment 88
- The Anterior Cingulate Cortex and Impaired Self-Monitoring in Schizophrenia 86
- The Norepinephrine Hypothesis Finally Clarified 31
- White-Matter Lesions Associated with Poor Outcome in Bipolar Patients 32
- White-Matter Reductions Linked to Velocardiofacial Syndrome *
- Will We Find a Way to Make Down's Syndrome Reversible? 79
- Breast Cancer**
- Impaired Quality of Life in Breast Cancer Survivors 53
- Breast-Feeding**
- Lymphocyte Responses to Stress in Postpartum Women 40
- Buspiron**
- Treatment-Refractory Depression: The Role of Bupirone Augmentation *
- C**
- Calcium**
- Can Calcium Supplements Prevent Postpartum Depression? 47
- Cancer**
- Impaired Quality of Life in Breast Cancer Survivors 53
- Interleukins in Cancer Patients with Depression 80
- Child Abuse**
- Borderline Personality Disorder: Clinical Features and Predictive Factors 1
- Early Abuse Predicts All Kinds of Psychopathology 1
- Poor Insight in Ill Mothers Predicts Child Maltreatment 49
- Children**
- A New Angle on Treatment for Autism? 56
- Adding Fluvoxamine to the Armamentarium for Childhood OCD 31
- Carbon Dioxide Sensitivity in Children with Anxiety Disorders 12
- Do Prenatal Glucocorticoids Cause Neurodegeneration? 12
- Does Baclofen Help Remission of Tics? 41
- Good News for the Treatment of Childhood Anxiety Disorders 41
- Guanfacine Effective for Comorbid Tic Disorder and ADHD 64
- Interventions to Prevent Noncompliance in Boys 78
- Linking Cerebellar and Behavioral Abnormalities in Autism 52
- Long-Term Follow-Up of an Early Childhood Intervention Program 45
- Neither a Bully nor a Bully's Victim Be! 45
- One-Time Treatment Is Effective for Phobias in Children 95
- The Postnatal Brain Development of Preterm Infants 1
- Stress Hormone Level and Socioeconomic Status Linked 9
- Studies in Developmental Pathology 70
- What Happens When Children with Prepubertal Depression Grow Up? 13
- White-Matter Reductions Linked to Velocardiofacial Syndrome *
- Cholesterol**
- Is Low Cholesterol Bad for Your Mental Health? 63
- Chronic Fatigue Syndrome**
- Differences Between Chronic Fatigue Syndrome and Depression 63
- HPA Axis Dysfunction, Hydrocortisone Treatment, and Chronic Fatigue Syndrome 96
- Cognition**
- Defining the Onset of Alzheimer's Disease 33
- Cognitive Function**
- Cognitive Impairments in Essential Tremor and Multiple Sclerosis 97
- Coronary Artery Bypass Grafting and Cognitive Change: Improvement or Decline? 49
- Does Speed Slow Down Cognition? 4
- Estrogen in Postmenopausal Women: Effects on Working Memory 23
- Feature: Dementia: New Data and Practice Guidelines 60
- Neurogenesis and Memory 53
- Psychosis May Be Only Part of the Problem 5
- Psychosocial Aspects of Diabetes 23
- Role of Emotion in Moral Judgment 88
- The Anterior Cingulate Cortex and Impaired Self-Monitoring in Schizophrenia 86
- The Postnatal Brain Development of Preterm Infants 1
- Cognitive Therapy**
- Cognitive Therapy for Anger Problems 9
- Continuation Psychotherapy for Major Depression 54
- Cognitive-Behavioral Therapy**
- A Pilot Study of CBT for Bipolar Disorder 9
- An Effective Treatment for Patients with Dual Diagnoses? 97
- Brief Psychosocial Treatments for Chronic Schizophrenic Patients 5
- Early Response to Psychotherapy Predicts 4-Month Outcome 72
- Good News for the Treatment of Childhood Anxiety Disorders 41
- Naltrexone, Once Discontinued, Loses Its Effect on Drinking 21
- "O Sleep, O Gentle Sleep" 89
- Psychosocial Interventions for Schizophrenia 55
- Treating Hypochondriasis: More Support for CBT 48
- Conduct Disorder**
- Cortisol Levels in Girls with Conduct Disorder 41
- Conversion Disorder**
- The Neuroanatomy of Hysterical Paralysis 68
- Cortisol**
- Can a Good Mother Help Response to Stress? 21
- Cortisol Levels in Girls with Conduct Disorder 41
- Cortisol Response to Norepinephrine Reuptake Blockade in Subclinical Depression 12
- HPA Axis Dysfunction, Hydrocortisone Treatment, and Chronic Fatigue Syndrome 96
- Interleukins in Cancer Patients with Depression 80
- Stress Hormone Level and Socioeconomic Status Linked 9
- Cost-Benefit Analysis**
- Screening for Fragile X Syndrome, and Its Costs 71
- Cytochrome P450**
- Duration of Grapefruit Juice Interactions with 3A4 Substrates 13
- Herbal Treatments Can Act Like Medications 28
- Racial and Interindividual Variability in Activity of a CYP450 Enzyme *
- What Do Red Wine and Grapefruit Juice Have in Common? 81
- Cytokines**
- Interleukins in Cancer Patients with Depression 80
- D**
- Delinquency**
- Long-Term Follow-Up of an Early Childhood Intervention Program 45
- Delusions**
- Delusions and Daily Functioning in Schizophrenia 64
- Dementia**
- Can Neuroleptic Hypersensitivity Presage Frontotemporal Dementia? 81
- Feature: Dementia: New Data and Practice Guidelines 60
- Depersonalization Disorder**
- The Depersonalized Brain 8
- Depression**
- Adequate Care for Mental Disorders Is Still the Exception 24
- An Antidepressant Prevents Medication-Induced Depression 39
- Artificial Bright Light: Is Timing Everything? 24
- Can Calcium Supplements Prevent Postpartum Depression? 47
- Can Primary Care Clinics Prevent Recurrences of Depression? 47
- Cognitive Effects of Vagus Nerve Stimulation 36
- Confirming the Link Between Depression and Heart Failure 80
- Continuation Psychotherapy for Major Depression 54
- Cortisol Response to Norepinephrine Reuptake Blockade in Subclinical Depression 12
- Differences Between Chronic Fatigue Syndrome and Depression 63
- Does Continuation Pharmacotherapy After ECT Improve Relapse Rates? 40
- Does Primary Care Treatment of Depression Save Money? *

Does Sildenafil Help Antidepressant-Induced Erectile Dysfunction? Does It Also Raise Mood? 93

Early Response to Psychotherapy Predicts 4-Month Outcome 72
